Claims: Dan announced that there were Piles of Dirt out at the Common Dig Site on claim 3A and we will be having a common dig this weekend (10/10) at the bonded area starting at 7:00 AM. The space around the piles is very limited so there will be no vehicle parking around the holes. He announced that the bonded area which is just a couple acres is closed with the exception of the common dig weekend however the rest of the 30acre claim 3A is open anytime. The club will provide water, but bring your own food.

Base Camp: The propane system at the Fran Lowell building has been repaired with all new lines leading to the generator, water heater and the building. A&B installed the lines and a new regulator after Gil and his crew dug up the lines and found the old iron pipe rusted and leaking. The system is back up with only a slight amount of backfill remaining.
